Firefighting Open Innovation Lab

First Firefighting Open Innovation Lab specialized in fighting forest fires

Are you an entrepreneur in the field of prevention and extinguishing forest fires, forest management or climate change adaption and mitigation?

Join the CILIFO Open Innovation Lab and we will support your most innovative initiatives.

CILIFO

Iberian Centre for Research and Forest Firefighting

Firefighting Open Innovation Lab

The CILIFO's Firefighting Open Innovation Lab offers:

The CILIFO project, which is funded by the Interreg POCTEP Programme (2014-2020), through its Firefighting Open Innovation Lab, supports the initiatives of entrepreneurs and enterprises in the field of forest fire prevention and control.

Workspace

A workspace at the CILIFO center, in Sevilla/Huelva (Spain), where it is posible to work in a network within a Public-Private Partnership.

Pilot Tests

Then chance to test new innovative technology in a real environment thanks to pilot tests.

European Funding

Online and face-to-face consultancy, through specialized mentors, for the search for European funding.

European Projects

Support to develop an innovative idea within a European Project.

Partner Search

Support the search for international partners for replication and exploitation of results.

Legal Advice

Support in legal advice for start-ups in the field of legislation and combating legal barriers, internationalization, mentoring and training in European funding.
